Restore NYC is a nonprofit organization making freedom real for survivors of trafficking in the United States.

Our vision is a world free from trafficking. For every survivor, a life of hope, restoration, and flourishing.

Since 2009, we have pioneered innovative counseling, housing, and economic-empowerment solutions that give survivors access to improved well-being, safe homes, and real jobs. Our entrepreneurial spirit, paired with a commitment to trauma-informed, survivor-centered, and culturally sensitive care, has

made us a leader in the rapidly evolving anti-trafficking field. For all services, we are committed to inter-agency collaboration and rigorous outcome evaluation. Ultimately, we are most grateful that Restore NYC is a place survivors call “home” and are flourishing.

25% of our program staff
are survivors who are now
leading others to freedom.

Our Programs

comprehensive case
management, and resource
coordination.

Economic Empowerment

Job-readiness classes,

Data shows us that traffickers don't target people—they target vulnerabilities. They disproportionately target Black and Latina women experiencing housing instability and economic disadvantages. Women like Carla, whose trafficker first approached her outside of a homeless shelter after she was turned away. Or Imani, who met her trafficker soon after aging out of the foster care system.

For over a decade, Restore has provided trauma-informed, culturally appropriate care to survivors of trafficking. We know what it takes to move from compassion to impact. And we are eager to continue to be leaders in the field as our work is needed now more than ever.

Restore's Freedom Gala positions us to make more of an impact to help transform the lives of women like Carla and Imani. Our vision is expanding. With the support of a rapidly growing community ready to take action, we can refine, improve, and scale our programs to deepen our impact. We look to the future with great hope as we aim to make freedom real for thousands more survivors.

After 13 years of serving thousands of survivors and those at risk of trafficking, we would do it all over—even if it were just **for the one.**
