15TH ANNIVERSARY

Freedom Gala

FRIDAY, SEPTEMBER 20, 2024

RAINBOW ROOM

As we celebrate 15 years of incredible service to survivors of trafficking, we continue to witness pivotal milestones in the lives of survivors — the courageous step away from their trafficker, securing their first job, walking through the door to a new apartment, and a redemptive reunion with family. Each of these milestones is a testament to the tangible reality of freedom. To date, Restore has walked alongside 2,600 survivors and those at risk on this journey to freedom.

At the 2024 Freedom Gala, you will help create these life-changing milestones when freedom becomes a tangible reality in the lives of survivors of human trafficking.

RAINBOW ROOM, 45 ROCKEFELLER PLAZA

The Rainbow Room is an iconic New York City event space renowned for its opulent Art Deco style and panoramic skyline views. Established in 1934 in the heart of Midtown Manhattan, it's celebrated for hosting high-profile events and offers a unique blend of history and luxury.

Human Trafficking

Human trafficking has more than doubled in the U.S. over the last 4 years to 1,091,000 trafficked individuals, the most of any country in the Americas. Thousands of women are sold for sex every day in NYC, in every neighborhood of every borough, and an estimated 26,000 people in NYC are being trafficked right now.

Human trafficking is a \$245 billion global industry and the second largest illegal activity, only to drug trafficking.

Despite the enormous scale of the problem of human trafficking, only 2% of philanthropic funding in the U.S. goes to women's causes, with much less specifically supporting anti-trafficking initiatives.

Alongside partners like you, Restore is working to end trafficking and to make freedom real for survivors. We empower each survivor to thrive in her community and ultimately experience sustained freedom—and we have the data to prove it.

Restore NYC is a nonprofit organization making freedom real for survivors of trafficking in the United States.

About Restore NYC

In 2024, Restore NYC was the sole organization in the nation to receive the Presidential Award for Extraordinary Efforts to Combat Trafficking in Persons. Restore serves over 450 survivors and those at risk every year.

We trained over 1,400 people on human trafficking awareness in 2023, and our annual white papers influence government stakeholders and hundreds of organizations in the anti-trafficking field every year.

Restore's programs are driven on the strengths and resiliency of survivors. Yet, they face significant barriers in their journey to freedom.

We eliminate vulnerabilities that traffickers target, helping make freedom a permanent reality, through three core programs:

Client Services

Clinical counseling, comprehensive empowerment case management, and resource coordination

Housing

Emergency housing, transitional housing, and independent living

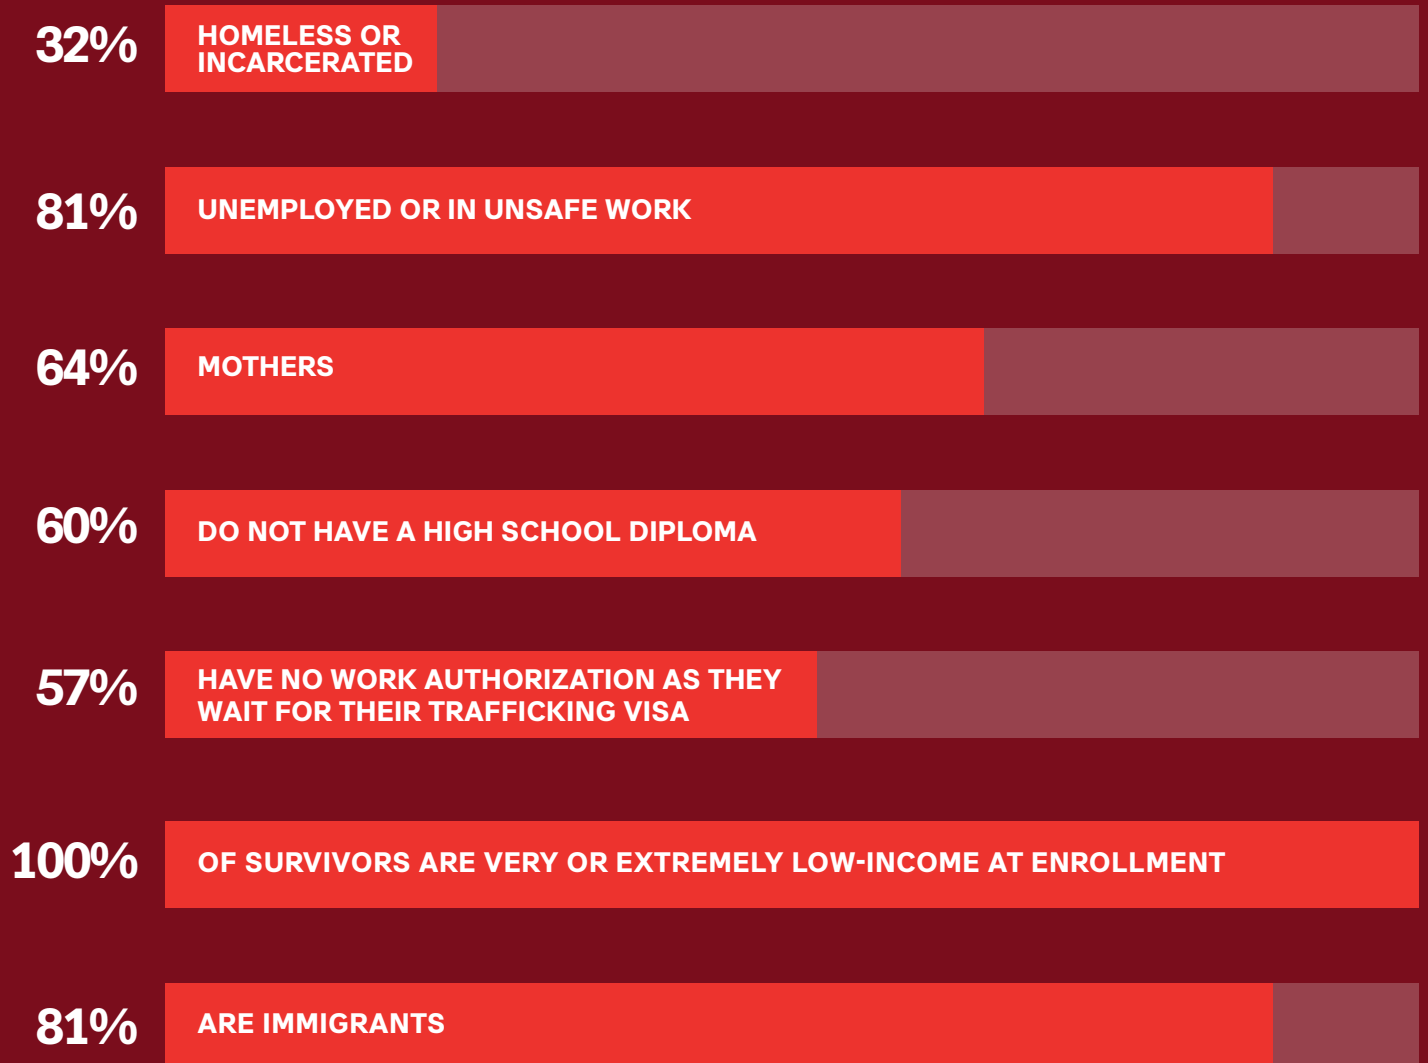

Economic Empowerment

Job-readiness classes, job placement, and entrepreneurship training and incubation

Who We Serve
