New York, NY 10065

Restore NYC is a nonprofit organization **making freedom real** for survivors of human trafficking in the United States.

In 2024, Restore NYC was one of two organizations in the nation to receive the Presidential Award for Extraordinary Efforts to Combat Trafficking in Persons. Restore serves over 300 survivors and those at risk every year.

We trained over 1,000 people on human trafficking awareness in 2025, and our annual white papers influence government stakeholders and hundreds of organizations in the anti-trafficking field every year.

The strength and resiliency of survivors drive Restore's programs, yet they face significant barriers in their journey to freedom.

We eliminate vulnerabilities that traffickers target, helping make freedom a permanent reality, through three core programs:

Client Services

Clinical counseling, comprehensive empowerment case management, and resource coordination

Housing

Emergency housing, transitional housing, and independent living

Economic Empowerment

Job-readiness classes, job placement, and entrepreneurship training and incubation.

Measuring Success

100% of survivors are no longer being trafficked at 12 months.

91%
of survivors were **safely housed** within 12 months

70%

78%
Retained employment for at least one year
